Passionate Relayers are making a difference.

More than just a walk, the American Cancer Society Relay For Life brings together passionate supporters who embody the American Cancer Society mission to end cancer as we know it, for everyone. This volunteer-led experience unites communities to celebrate cancer survivors, remember loved ones lost to cancer, and raise funds to improve the lives of people with cancer and their families through advocacy, research, and patient support, to ensure everyone has an opportunity to prevent, detect, treat, and survive cancer.
