

**CITY OF MISSION VIEJO
MEMBER OF THE CITY COUNCIL**

Candidate's Name	Occupation	Age (optional)
Jessica Gilbert	VP IT Department	

Thank you for your consideration for City Council Member, I am humbled and thrilled for this opportunity.

As the VP of IT Program Management at loanDepot and Treasurer of Cypress Point Community, I know my leadership and organizational skills will incorporate what has been learned from this pandemic to transform Mission Viejo into the premier city in Orange County by focusing on stabilizing business's, engaging the community, environmental efficiencies and most of all, supporting the education of our children.

I will help Mission Viejo's small business community create a reopening plan that is safe for employees and patrons.

Our environment is a precious resource that is a big part of what makes Mission Viejo such a desirable community. I will support the environmental initiatives that are in flight today and create a road map for Mission Viejo to become carbon neutral.

I believe the city services operations take on too many extra services. I will take this opportunity to scrutinize if these services really are appropriately allocated.

I will continue to pour my heart into serving Mission Viejo, and with my election to the City Council, I will be honored to make a meaningful impact on our great community.
