

Recreation and Fitness Center Members!

The time has come to GET PUMPED! With continuous efforts to bring you more services while keeping you safe, we are excited to announce our new EXTENDED HOURS and SERVICES. On October 5, we will open our gyms at the Montanoso and Sierra Recreation and Fitness Centers. To maintain a safe and enjoyable experience while following state mandates, we will open our gyms at 10% capacity. This will be on a first-come, first-served basis as we will allow members to have a 1-hour workout time.

As our county moves into the Orange Tier, we hope to increase the capacity and continue to expand our services; however, this will depend on our members and their ability to follow the rules and regulations we have put in place. When the gym is at full capacity, members will be asked to wait on the socially distanced staging markers in the entry way at both centers. Once members are checked in, their entry time will be time stamped via their card swipe at the front desk. Staff will inform members when they have 10 minutes remaining in order to continue moving people through the gym and maintain a clean environment. We encourage members to call the centers at 949-859-4348 before visiting the facility to gauge capacity levels. However, we cannot guarantee automatic entry and no wait times. Please be considerate of the time limits and rules for gym use.

Staff and a professional cleaning crew will continuously peruse the gym to ensure equipment has been cleaned after each use. In addition, the gyms will be closed periodically throughout the day for a more thorough cleaning. During this time, no patrons will be allowed in the gym until the cleaning is complete. These gym cleaning closure times will not affect the lap swim, tennis or pickleball play times. The closure times are listed below, so please make sure you read the information to familiarize yourself with the updates!
