Policy:

1. It is the policy of the City of Mission Viejo to require certain designated job classifications to reside in a location where they are available to respond to an emergency situation and/or a call-back incident in a timely fashion to assure that services are available to the public and to meet the needs of the City.
2. The following classifications must reside either within Orange County or within 25 driving miles of the Mission Viejo Animal Services Center:

5. Newly-hired employees, or employees promoted into the job classifications identified above, shall be required to meet residency requirements as a condition of successfully completing their probation period.

6. If an employee moves their residence outside of the maximum allowed distance, the employee may be disciplined, up to and including termination, for non-compliance of this policy.
7. Employees shall be informed of the City's response time expectations in writing by the employee's Department Director, or their designee, at time of hire. If the response time expectation changes during the employee's employment, the employee shall be notified in writing of the change at the time the change is implemented.
8. As registered disaster workers, all employees are required to inform the City of their current telephone number and residence address. Reporting changes of telephone numbers and addresses is a responsibility of the employee and failure to keep personnel records up to date may result in discipline.
