RE: SB 423 (Wiener) Streamlined housing approvals: multifamily housing developments:  
SB 35 (Chapter 366, Statutes of 2017) Expansion.  
Notice of Opposition

Dear Senator Wiener:

The City of Mission Viejo writes to express our opposition to your measure, SB 423, which would greatly expand SB 35 (Chapter 366, Statutes of 2017) provisions and eliminate the Jan. 1, 2026 sunset date.

On any given day, newspaper headlines in California and across the nation are highlighting the state's growing housing supply and affordability crisis. Seven in ten Californians view housing affordability as one of the top problems in their community, and there is growing concern from residents that housing prices are so expensive, younger generations will be priced out of ever being able to buy a home.

The City of Mission Viejo intimately understands this crisis as it plays out in our community every day. Local leaders are working to find creative solutions so homes of all income levels can be built. They're taking on these difficult and complex tasks, and in many cases successfully planning for more than 2.5 million new homes statewide, all while navigating the state's annual barrage of overreaching housing bills that have thus far demonstrated limited success.

SB 423 is the latest overreaching bill. This measure would double-down on the recent trend of the state overriding its own mandated local housing plans by forcing cities to approve certain housing projects without regard to the needs of the community, opportunities for environmental review, or public input. While it may be frustrating for some developers to address neighborhood concerns about traffic, parking, and other development impacts, those directly affected by such projects have a right to be heard.

The Honorable Scott Wiener

Public engagement also often leads to better projects. Not having such outlets will increase public distrust in government and result in additional ballot measures limiting housing development.

Instead of continuing to pursue top-down, one-size-fits-all legislation, lawmakers should partner with local officials. That's why the League of California Cities is calling on the Governor and lawmakers to include a \$3 billion annual investment in the state budget to help cities prevent and reduce homelessness and spur housing development. Targeted, ongoing funding is the only way cities can find community-based solutions that get our residents off the streets and keep them in their homes. California will never produce the number of homes needed with an increasingly state driven, by-right housing approval process. What is really needed is a sustainable state investment that matches the scale of this long-term crisis.

For these reasons, The City of Mission Viejo respectfully opposes your measure,

Sincerely,

Brian Goodell  
**MAYOR**
