Drop in to member-based classes for \$8/adult!

SIERRA GROUP X DESCRIPTIONS

AQUA AEROBICS - The low-impact class combines a variety of techniques from land aerobics, including walking or running backward and forward, jumping jacks, mimicking cross-country skiing, and utilizing various arm movements with and without aqua dumbbells. Participants are welcome to incorporate equipment such as flotation belts, specialized water aerobics shoes, and other flotation devices. Set to music to keep you moving, water aerobics classes help reduce the risk of muscle or joint injury. The mitigation of gravity by flotation places less stress on the joints when stretching, and can allow a greater range of motion. The easing of gravity makes water aerobics safe for people able to keep their heads out of water, including seniors. Exercise in water can also prevent overheating through continuous cooling of the water.

AQUA ZUMBA® - Blends the Zumba® philosophy of dance fitness with water resistance, for one pool party. There is less impact on the joints during an Aqua Zumba® class so students can really let loose with beautiful international music and dance to the beat. Water creates natural resistance, which means every step is more challenging and helps tone your muscles.

BOOT CAMP - These classes are high-intensity and combine strength and cardio exercises for a fast-paced calorie burn! Exercises include push-ups, sit-ups, jump rope, body weight exercises, weights, stretch bands, yoga mats, etc. Different instructors will use different routines for a great deal of variation.
